CINEMA WITH YOUR BABY

COMEBACK FOR THE NEW EDITION OF “CINEMA WITH YOUR BABY” THE FAVOURITE FILM SHOWCASE IN TOWN IS RETURNING

We start with **Babe**, the brave piglet who knows how to put everyone in line, then we meet Félicie, who wants to become a **Ballerina** and doesn't stop before the obstacles separating her from her dream. We take a walk with a monster, in the shoes of the cunning little mouse and of the fearsome **Gruffalo**. And then comes **The Red Turtle** (an Oscar candidate), **Sing** (singing and dancing among stressed pigs and teenager elephants) and **Moana**, the Disney classic that made us dream of getting over the reef to find more fish. These six animation films in this year's programme for the “Cinema with your Baby” showcase are among children's top favourites. And if they do not know them yet, this is the right opportunity for going to watch them all together.

SUNDAY MORNING AT THE MASSIMO

“Cinema with your Baby” is starting again, **from October to March**, with its Sunday matinee rendez-vous **at the Cinema Massimo**, transformed for the occasion into a welcoming **baby friendly** parlour.

Each cartoon is screened with muted lighting and slightly lower volume than normal, in a chummy, tolerant atmosphere where children can arrive in push-chairs (thanks to inside parking), laugh and run to their mum's arms if they're scared, enjoy the film on comfortable booster seats, rush out if nature's necessities arise, use a changing mat and bottle-warmers. The screening-room ambience features adaptations to allow film viewing also for persons affected by autism. Upon exiting, healthy and tasty snacks are available for all the kids, should hunger call.

ADMISSION

The cost of the ticket is **4.50 euro** per person (free for children under three) and also includes a concession valid for visiting the National Cinema Museum.

There is the possibility of booking tickets on the www.cinemamassimotorino.it website.

ORGANISERS

As in past years, the organisers are the **National Cinema Museum** and the **Giovani Genitori** monthly magazine. We shall expect you in droves, like the past editions. All said, we began to love great cinema when we were kids.
